I want to start off by saying that I am honored to have been selected to receive this scholarship. Receiving this scholarship takes a hefty load off my shoulders as now I don't have to be overly stressed about how I am going to pay for my future education. I was told one time to not view scholarships as a dollar amount, but rather as how many hours of work I would need to work in order to earn the same amount. Keeping this in mind, when I earned this scholarship, I was not concerned about the dollar amount that I earned; instead, I thought of the many hours of work that were lifted off my shoulders. That is why I am incredibly grateful to you guys for selecting me for the Alumni Foundation Scholarship.

Sincerely,
James Fuhrmann

P.S. I'm really bad at writing thank you letters so I'm sorry if my gratitude wasn't properly conveyed.

Thank you for selecting me for the Kaukauna Alumni Foundation Scholarship Fund Scholarship. I am extremely grateful for being selected and it will help me immensely in my first semester.

I am continuing my education at St. Norbert College pursuing a degree in accounting in hopes of becoming a certified public accountant in the future. This scholarship will help lessen the costs of my education. Along with pushing some of the worries about paying for college. Not having to worry as much about paying for college while I am in my freshman year will allow me to focus more on my education and get a solid start to my four years. It excites me to be able to start chipping away at the costs now and lower my cost instead after college.

Thank you.

My name is Norah Schaefer, and I am honored to be a recipient of the Kaukauna Alumni Foundation Scholarship. Thank you for your generosity. Receiving this scholarship motivates me to continue working hard. I will be continuing my education at UW LaCrosse. I am undecided about my major yet. This scholarship has lightened my financial challenges which allows me to focus on my education. My educational dreams would not be possible without your support. Thank you. It is greatly appreciated.

Sincerely,

I am beyond honored that you would give me \$1500 to continue my education. I am very excited to start my college journey and your support means the world to me. Even since elementary school, I have had a passion for science. I am following my passions in college by majoring in biochemistry at UW-LaCrosse. Your support not only helps me financially but gives me the confidence that I will be successful in my studies. This next stage of my life is terrifying and exciting all at once, and is frankly a bit overwhelming, but I am confident that college is the right decision for me. I have always been reserved and I know that college will push me out of my comfort zone intellectually and socially. However, new experiences are the only way to grow. So, I accept the fact that the next year will be hectic and I will make mistakes because I know that I will grow into a better person and will ultimately attain my dream of becoming a scientist. Your scholarship has given me one less thing to worry about in the next few anxiety-filled months, so while it is only \$1500, to me it is priceless.

Thank you again.
Natalie Schaller
